EXPERIENCE

Skill Ninjas, Patna — Trainee

I have completed 9 months of training in the field of Full-Stack development. I have acquired knowledge and have gained industry-level skills in React.js, Javascript, Node.js, Express, MongoDB, Bootstrap, HTML, and CSS. I have also worked on a few projects and I am looking for an opportunity where I can gain experience and take my skills to the next level.

PROJECTS

E-Commerce Site — Structurised using HTML, Styled it through CSS and used React.js for the front-end part and Node.js for backend This is a web app where you can update product, add product and delete the product.

Movie Website — This is a web where you can log in or sign up to check the details about a movie. Used API to fetch data from the database to know the details of a movie. Here I initiated the structuration using HTML followed by CSS to style it then eventually used React.js for the functionality
